# ABOUT

The Ernie Els collection is a brand represented by the Big Easy himself, who has won 4 Majors, had 71 career victories including 19 PGA and 28 European Tours and became World Number One for the very first time in 1997. The apparel brand was launched in the legend's home country, South Africa, and went into stores in January 2013. The collection is manufactured locally.

---

*"I am very excited about the range and have enjoyed playing tournaments around the world wearing my signature shirts. We are just getting started though and I want this to grow well into the future" - Ernie Els*

---

The Ernie Els Collection is a refined brand and the range comprises a more conservative, distinguished look. The focus is on bringing classic, timeless styles to gentlemen. The brand aims to use luxurious or performance fabrics that will keep the player comfortable on the course, while the classic designs will have you looking on point for leisure activities.
